The staff

# PUBLIC PLAYGROUND WITH STAFF IN ØRSTEDSPARKEN

Come  
and play!

WELCOME!

For children and youth ages 0-16,  
with or without adult accompaniment.

The playground is meeting point for families and institutions located in the area, as well as families who have moved to the city, or are visiting from other areas in Denmark and other countries.

The regular staff are Anna, Jette and Hanne-Lise.

We make room for friendship and relations and keep the playground a safe environment and make sure that everything is in good shape. If you have any questions you are always welcome to ask!

### **The playground**

The play area is fenced in, and there are a lot of activities to take part in, for young as well as older children.

You can build houses, ride bikes, play with toys in the sandbox, ride mooncars, play hockey, minifootball, tabletennis or basketball. We have four playhouses, a tower with a big slide, swings and new playtools at the electronic playground.

In the playhouse you can borrow toys for outdoor activities: balls, bats, crayons, blankets, dolls and wagons etc., and all you have to do is return them before you leave. You are welcome to visit the indoor facilities, for instance on a cold day. Ask the staff if it's okay.

We have an outdoor watertap, and tables and benches, which give you an opportunity to eat your lunch in a creative environment.

The park is open all year round, with beautiful flowers and botanical specialities.

**The electronic playground** has some individual games for one player at a time on the squares in front of the computer and teamplay on the poles. Teamplay is for groups and institutions, so if you want an introduction, you have to make an appointment in advance with the playground staff.

All year round we have a lot of activities.

Look for special occasions – on the internet or the calender of the month in the window of the house. Rhythmic playgroup, bonfires, adoptive group, dance, sleds in wintertime, summer-activities, carnival and Halloween etc....
